

SATAKSHI SUBHASMITA

Web Developer

☎ 7735555020 📍 Bhubaneswar, Odisha – 751024 ✉ soumya3955@gmail.com 💼 linkedin.com/in/satakshi-subhasmita

Summary

Web Developer with a strong foundation in frontend and backend development. Skilled in building responsive user interfaces and designing server-side logic through hands-on projects. Interested in contributing to scalable web applications in fast-paced environments.

Skills

Programming Languages: C, C++, Java, JavaScript

Frontend Technologies: HTML, CSS, JavaScript

Backend Technologies: Node.js, Express.js

Databases: MongoDB

Web Development Skills: Responsive Design, RESTful APIs, CRUD Operations

Tools & Platforms: Git, GitHub, VS Code

Experience

Front End Web Development Intern(Remote)

Aug 2025 – Sept 2025

Edunet Foundation (AICTE Collaboration)

Technologies: HTML, CSS, JavaScript

- Developed responsive and user-friendly web pages using **HTML, CSS, and JavaScript** as part of structured internship projects.
- Implemented core UI components such as navigation bars, forms, and layouts, following clean code and design best practices.
- Worked on multiple mini-projects to improve **UI/UX design, responsiveness, and cross-browser compatibility**.
- Strengthened problem-solving and debugging skills through hands-on development and guided project reviews.

Projects

YouTube Backend System — *Node.js, Express.js, MongoDB*

- Designed and built RESTful APIs for core features including user authentication, video metadata, and channel logic.
- Engineered CRUD endpoints for users, videos, and comments with proper validation and error handling.
- Optimized MongoDB schema design for performance and scalable data handling.

Quiz App — *JavaScript, HTML, CSS*

- Created an interactive quiz application using vanilla JavaScript for dynamic question handling and scoring logic.
- Styled UI components using CSS for responsive and intuitive user experience.
- Implemented client-side validation and real-time score display to enhance usability.

Amazon Clone (JavaScript) — *HTML, CSS, JavaScript*

- Designed a static Amazon-like e-commerce interface using HTML and CSS with structured layouts and product sections.
- Integrated core JavaScript logic for cart functionality, including adding items to the cart and updating quantities.
- Managed product and cart data using JavaScript files to simulate real-world e-commerce behavior.
- Improved user interaction through dynamic DOM manipulation and responsive UI elements.

Certifications

- **Front End Web Development Internship Certificate – AICTE & Edunet Foundation (2025):** Successfully completed a 6-week internship focused on HTML, CSS, and JavaScript, gaining hands-on experience in building responsive web interfaces.

Education

B.Tech in Computer Science & Engineering

2023 – Present

Kalinga Institute of Industrial Technology (KIIT), Bhubaneswar

CGPA: 9.13 / 10
